Survey Highlights

2018 CUNY Student Experience Survey

Survey Administration

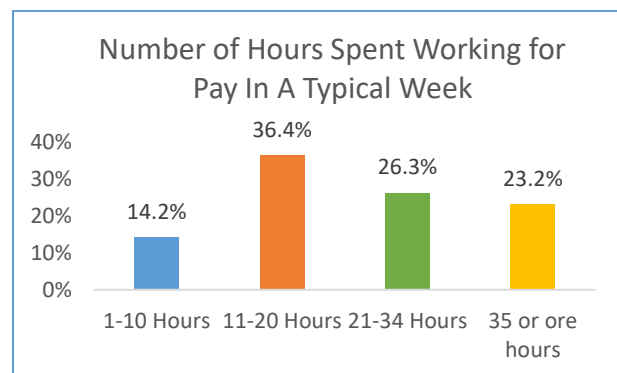

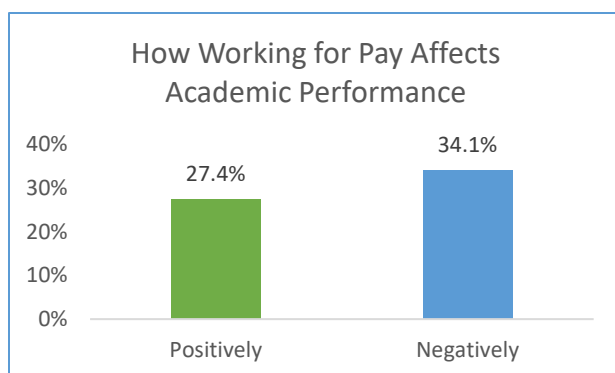

The Student Experience Survey (SES) is administered by the City University Office of Institutional Research and Assessment every other year. The 2018 SES student population was a random selection of Baruch College undergraduates enrolled in a degree/certificate program in Spring 2018 who were 18 years of age or older.

The survey was administered through campus email during the Spring 2018 semester between March and April, including an initial survey invitation and several reminders. The initial email invitation was sent to 7,221 Baruch College students. A total of 1,834 completed surveys were returned for a response rate of 25.4%.

Highlights of survey findings:

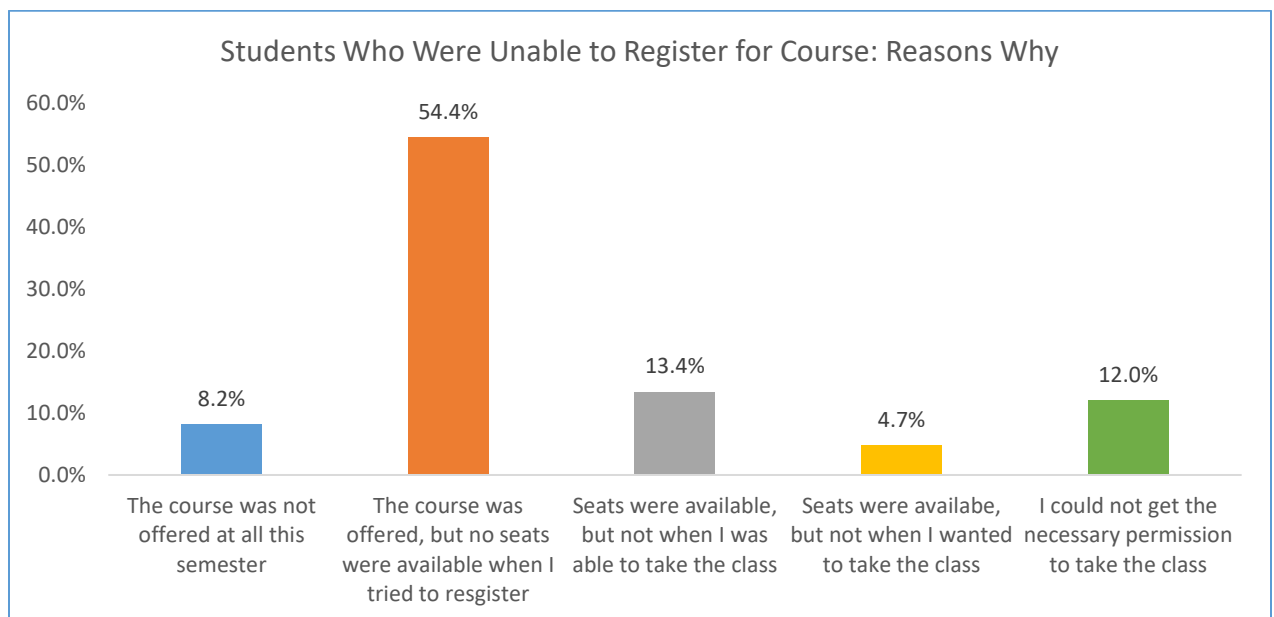

Socio-economic Status:

- Thirty-nine percent of Baruch College students are the first-generation in their family to attend college (Pg.41).
- Thirty-eight percent report having household income of less than \$30,000 (Pg.43).
- More than half of Baruch College students, at 56%, report that they have a job that pays them for their work (Pg.2).
- Of those students who work, 50% of Baruch College students work 21 hours or more per week (Pg.3).
- Of those students who work, 34% percent of Baruch College students report that working for pay has a negative effect on academic performance. This compares to 27% who report working for pay has a positive effect on academic performance (Pg.4)

Course Offerings:

- Students agree or strongly agree that Baruch should offer more evening courses (42%), more weekend courses (35%), more fully online courses (47%) and more hybrid courses (56%) (Pg.5).
- While 49% would like to take a course at another CUNY college, only 9% did using the CUNY ePermit System (Pg.9).
- Thirty-eight percent of students were not able to register for every course, and of these students, 54% could not because there were no seats. Other reasons students could not register for a course include unable to fit into schedule (13%) and could not get permission to take course (12%) (Pg.8).

Experiential Learning Opportunities:

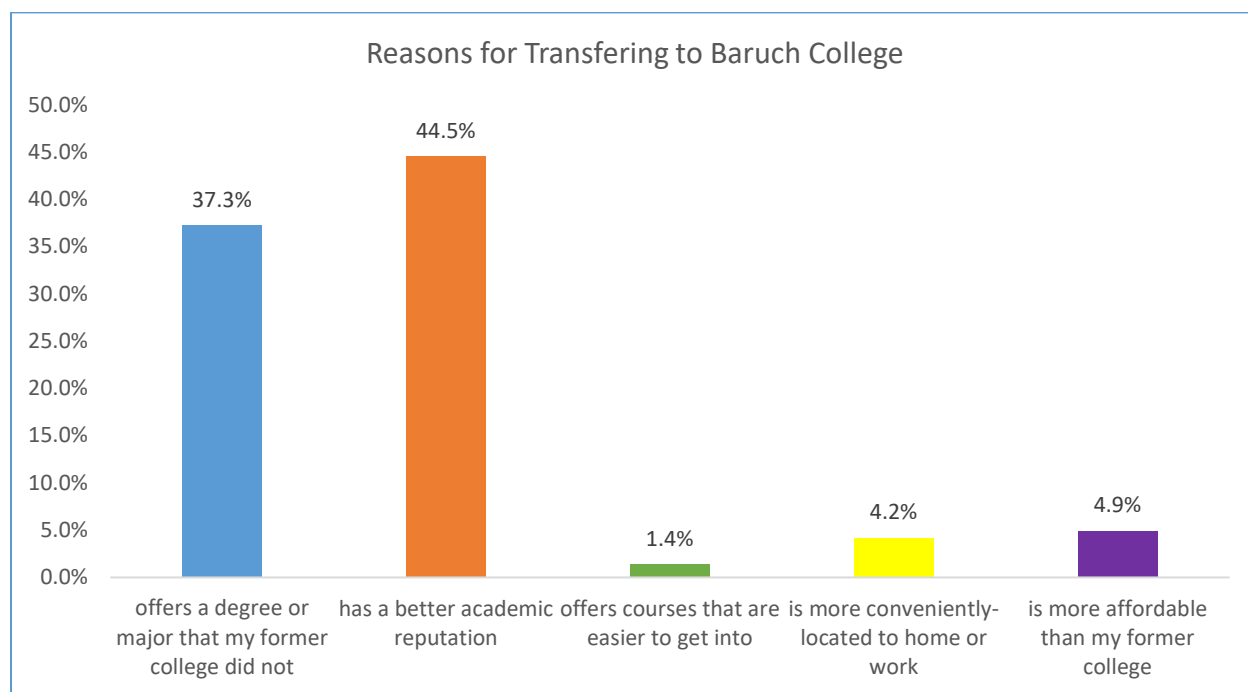

- Forty-three percent said they did not participate in any Experiential Learning Opportunities (ELO). Of these students, the two biggest barriers are not enough time (60%) and did not receive enough information to participate (34%) (Pgs.15-16).

Student Academic and Personal Support Services

- The most popular student services used during the semester are the Library (94%), Computer labs (78%), Bookstore (70%) and Academic Advisement (60%) (Pg17-18).
- Of those students who used the student services, 49% disagreed or strongly disagreed that Career Planning and Placement provides adequate resources to help, while 56% disagreed or strongly disagreed that Tutoring Services provided adequate resources (Pgs.19-21).
- Dissatisfied/Very Dissatisfied levels on Academic Advising and Tutoring varied: Dissatisfied levels for advisors being knowledgeable and helpful were at 10% while dissatisfaction levels for tutoring were much lower, at only 3%, for being knowledgeable and helpful. (Pgs.19-20).
- Dissatisfied/Very Dissatisfied levels varied on student health services. Only 4% were dissatisfied with the Health Services Center being knowledgeable and helpful (Pg.20) but 62% were dissatisfied that the Health Services had adequate resources available (Pg.22).

Transfer Students

- Fifty-nine percent of students attended another college before studying at Baruch. Of these students, the chart below illustrates reasons for transferring (Pgs.11-12).

Q14	Thinking of one course you could not register for this semester, which of the following best describes the reason you were not able to register for that course? (Select one)
	Advisors told me I could take the class, but when i tried registering it didn't allow me. I was also very confused on which courses I could take that are applicable to my major.
	As a transfer student of this semester, I had tighter time to register class than other students
	BECAUSE THE FUCKING EPERMIT CUNTS WOULD LET INTERMEDIATE ACC TRANSFER OVER AND FILL A INTRO ACC REQUIRMENT, FUCKING SCUM BAGS, THIS SCHOOL IS SHIT , STUDENT FRIENDLY MY DICK. FUCK OUTA HERE WITH THAT BULLSHIT. AND I STILL HAD TO PAY.... FOR LITERALLY NOTHING, SO FUCK YOU BARUCH AND YOUR SHIT CAMPUS, CANT EVEN FIX THE ELEVATORS
	certain classes were scheduled for the same time as other major required classes.
	Classes chosen for me
	Could not afford to take the class
	Could not pay for it.
	Course was close due to los registration
	ECO 4000: Accounting majors are not allowed to take it.
	Fee that was external to tuition.
	First semester, so I'm not too bothered by it.
	I am a transfer student
	I am still waiting on the transcript evaluations from my previous school
	I couldn't afford it
	I couldn't afford to take another class
	I got the class but it was cancelled
	I had the class in my wait list but the school did not process my dropped class quick enough for me to add It
	I had to take some general education courses first before being able to register for the course I want to take
	I registered late so there were limited selections that fit my 9-5 M-F schedule
	I think it's very cruel that not letting students to chose their major because of gpa requestment , like example, econ4000 is hardest class I've been taken , but most of us don't understand what we're doing in class, and the average scores are lowest compare with other class, I wish dpt can change this requirement, it's a top hardest class than any class
	I was dropped from the class with professor TBA on my perfect timing and day with TWELVE days before class starts, and just barely managed to get another time. Meanwhile, the class and time I was dropped for was reopened by another professor and filled immediately. Fun.
	Incoming Freshman- schedule was standard
	It wasn't given in weekends
	Math summer class was canceled.

Q14	Thinking of one course you could not register for this semester, which of the following best describes the reason you were not able to register for that course? (Select one)
	Our school chooses block schedules for the first semester of each incoming freshman's academic career
	Professor dropped me from the list, weeks after I enrolled in the class
	Required core for every god damm class
	Scholarship money came in late, and had no help.
	Seats were available but not for the time I was available to take the class.
	The class is offered in the middle of the day at the most inconvenient hour
	The course was offered, but no physically class to attend. It was only offered online and the course is very different and doesn't suit my learning style.
	The course was offered, but was then cancelled.
	The registrar did not do their work well to register me in the class even though I submitted all required documents one month before the registration day!
	The times conflicted with all the other major classes to choose from
	They never posted the dates/times (not even after the semester began)

Q19	Why I did not take a course at another CUNY college using the ePermit system?
	All my classes were available at my college
	All the courses I wanted to take at other CUNY's were not allowed. Example: The science and math are rather difficult for me as a com student and are not easy at all at Baruch. I tried to get a science and math requirement done at other CUNYs but it wouldn't have been accepted.
	Applied several times and was never given a response.
	As a transfer student, we are only allowed to use ePermit after our first year in the school.
	At Baruch if you've taken the class already at Baruch then an ePermit system isn't allowed
	At that last minute, I decided against it
	Baruch has restrictions for epermit students and as a transfer student I did not meet them.
	Baruch wants math courses to be exclusive at Baruch I don't know why but it's horrible
	Because not all epermit credit is accepted for the major classes
	Being on probation I couldn't take classes that I wanted to catch back up and not still be behind in my schooling
	By the time my Epermit got approved, the class was already full.
	Changed my mind.

Q19	Why I did not take a course at another CUNY college using the ePermit system?
	Haven't tried applying for one yet.
	Haven't had the opportunity yet
	Haven't needed to
	I already transferred from another CUNY college so I didn't really feel the need to use ePermit because I have experienced what other CUNYs are like.
	I am open to it but I have had all of my needs met by Baruch thus far.
	I am waiting until next semester to take an epermit
	I applied for an epermit for summer 2018 classes but I have not gone through with it yet
	I applied for for Epermit but I dropped it right away.
	I came from a suny school and wasn't familiar with cuny system; never had to take classes at a cuny school
	I couldn't decide whether the better class was worth change in location or not.
	I decided not to because of inconvenience in traveling
	I did not consider it, but plan on doing so this summer.
	I did not have room in my schedule
	I did not qualify
	I didn't realize I could until as if recently
	I didn't want to
	I don't want to
	I ended up taking a semester off
	I got cleared to take my class, didn't need to do an ePermit
	I got the epermit only to find out that that class was not being offered at the college next semester
	I have not tried to use epermit
	I have only 4 thousand level classes and they should be taken at Baruch
	I haven't been at Baruch College or any other cuny schools long enough to make use of that opportunity however I was planning on using an e-permit for one of courses in the future.
	I haven't figured out how to use the e-permit system on my own.
	I haven't needed to but I plan to this summer.
	I haven't been wanting to take a epermit class
	I know about ePermit system but not qualified
	I like my college more
	I need to take the credits left at Baruch only
	I need to wait 2 semesters in order to apply for ePermit.
	I needed the class to be at my college not at another college
	I pride myself on taking my courses at my College - Baruch.
	I simply ended up deciding not to in the end.
	I still working on creating a plan for myself and do not know yet which exact courses I would like to take in other CUNY
	I submitted epermit request but had no response
	I want to take econ 4000 in another school it may be easy
	I was able to take all my courses at Baruch

	I was allowed an epermit however the course I needed to take opened up in my college so I cancelled the epermit

	I was doubting on the performance of the other college
	I was going to take a courses at another CUNY college but the scheduale was not convinient
	I was told that the course will not count towards the 30 credits minimum at this campus.
	I was unable to register due to the class being full
	I will be
	I'm a transfer student that's close to graduating, and I need 45 credits at Baruch. Doing an ePermit would not allow me to meet the 45 credit criteria at Baruch.
	I'm currently trying to apply for an epermit
	It took forever for me to get accepted for an ePermit, and when I did, the classes i wanted were all taken. Baruch does not take any of this into consideration.
	Just didn't look further into it.
	Just didn't need to
	Just stuck it out at Baruch
	Just transferred so need baruch gpa for e-permit

Q19	Why I did not take a course at another CUNY college using the ePermit system?
	Registering for classes was unclear
	schedule conflicts or inconvenient schedule
	sent in a submission but was never given back a response.
	So far all the classes I've need is at my school
	Still don't know which course
	System was extremely tedious and was a long process for verification.
	taking a course at a different cuny won't always allow that course to be counted as course for baruch. Calculus is an example, i could take calculus at brooklyn but baruch won't allow it because it doesn't follow 100% of the curriculum, even though the courses that are advanced and "require calculus" such as Game Theory or FIN 3000 or any 4000 level course only use derivatives which we cover in Pre calculus.
	The business classes that I have to take are mandatory to take at your home school.
	The course is not offered all semesters
	The location of the college wasn't as convenient anymore
	the process is complicated and not a lot of guidance or clear instructions. Plus, it takes a long time for the ePermit to go through. By the time it does, I already lost the class.
	the process was confusing
	The process was long
	The registrar at the college where I wanted to take class did NOT do their job well to register me in the class even though I submitted all required documents one month before.
	There was a time conflict with my schedule
	There wasnt any college closer to me for me to take it and they didnt show the time or day the class would be.
	Time conflict
	Timing issues.
	To much of a struggle
	To tke the epermit i do not have the travel time it would have taken to get there

Q28	Usually, 15 credits per semester are required for on-time graduation. Why did you not enroll in another course (for a total of 15 or more credits)? (Select all that apply)
	A pre required class needs to be taken first
	Additional credits aren't needed to graduate
	Already had credits from high school
	Also, only 2 professors teach almost every single course for an operations management major that are at
	Always required core curriculum and it's annoying
	AP credits help out
	As a Public Affairs Major, I didn't need to take 15 or more credits per semester instead I took 15 freshman
	Because there was no rush in graduating on time
	Came in to college with credits
	Classroom situation
	Commute is too long. Wouldn't be on time.
	Completed extra credits
	Didn't qualify for the course due to pre requisite
	Didn't have enough prerequisites to take some as well

	I did take 15 credits some semesters
	I didn't know that 15 credits was required for on-time graduation
	I don't need to take more than that to graduate within the next year
	I entered college with 12 credits therefore I spent some semesters taking 3-4 courses that totaled 12-14 credits
	I felt like I would be too stressed so to make up for the credits that would complete 15 credits per semester
	I got mad credits
	I had a lot of transfer credits from College Now and AP Class Programs
	I had College credit classes so my senior year requires less credits
	I had to take my pre classes in order to enroll for the rest
	I have anxiety, and therefore, less courses per semester allows me adequate time to get work done according
	I have AP credits which allow me to take fewer classes than my peers
	I have enough classes to take each semester
	I have transfer credits
	I need a specific pre req class in order to take another class I wanted.
	I need to improve my English more to take more courses
	I needed to pass one more course in order to get into the program I wanted and I didn't know what other
	I only had to take 12 more credits.
	I only need 12 credits to graduate, I'm ahead

Q28	Usually, 15 credits per semester are required for on-time graduation. Why did you not enroll in another course (for a total of 15 or more credits)? (Select all that apply)
	I only needed 4 classes to graduate.
	I take summer courses, which makes up for the extra load per semester.
	I take summer intersession courses
	I took 15 credits first two years of college so I am ahead with credits
	I took more than 15 credits per semester when I was a freshman and sophomore
	I transferred a lot of credits from hs, so I don't need to take 15.
	I transferred a lot of credits from my previous college
	I will take additional course in summer
	I worry about my poor English is not good enough to handle more classes
	I'm an international student. for some reason in addition to paying double tuition, I'm limited to 12 credit
	Interships
	Mathematics is stopping me in taking any other classes
	Need lermisiin even though Pre-requisites have been met.
	needed to finish pre requisites before taking more
	No one ever mentioned that 15 credits are required plus, i dont have time for more class and classwork
	Not able to take certain courses with out a prerequisite so I need to take 4 courses in order to stay full tin
	Not allowed to take ACCT 3100 and ACCT 4100 together.

	Satisfied requirements for graduation
	Switched major and other major was hard to get into the courses
	The Calculus pre-requisite prevents me from taking more business courses.
	The freshman block I was given had a course that I already had credits for, but I was not notified until 2 m
	this is what i need to get in to zicklin
	Transfer credits from high school
	Transferred AP credit from high school
	Transfers have not been accepted and therefore, I couldn't do courses from the major International Busir
	Was not able to get into the class, however i usually take 5 classes.

	AISEC doesn't really fall under any category here
	Can't afford day care for more days other than my classes days
	Currently looking for an internship.
	Eventually I will have to do a study abroad as it is part of my undergraduate program BA in International Business. I am looking forward to that opportunity
	freshman
	Got declined twice for study abroad
	I am new to Baruch and I am still trying to adjust and I am trying to get informed about different opportunities
	I am new to the college
	I am not eligible for some of the opportunities
	I am only a freshman. I will be more involved as time goes on
	I did not know if I qualified to participate in any of these
	I did not pursue any of those opportunities yet because I wanted to focus on my schoolwork during my first year.
	I don't qualify for most when i read the requirements. Also, I am an adult with responsibilities, certain choices are made for me.
	I have applied for some of these but did not receive an offer.
	I have not fully research for what I like

	I'm not eligible to participate in some of those activities yet.
	It's hard to be apart of these opportunities because I need a job to pay for school and my other expenses and I can't participate in these things and have a paying job at the same time. I try to apply for paid internships but so far I haven't found one
	Its my first semester in this college and I do not know a lot of information about it!
	Just have not gotten to them yet.
	Meetings were at inconvenient times
	Never was accepted
	Not a single person could explain the value of internships, odds, culture etc, only geneal bs
	Not yet accepted into desired programs
	Plan to participate in some my junior/senior year
	The time was inconvenient.
	They always tell me there are more "qualified" people
	Time doesnt match
	Times offered are usually while I'm working
	Want to focus on schoolwork first
	Was not allowed to participate in an unpaid internship due to requirements to have internship approved for college credit
	wasn't accepted to internships applied

2018 Confidential Student Experience Survey

Welcome to the Student Experience Survey!

Thank you for taking the time to help improve your college. This survey is being administered by the Office of Institutional Research on behalf of all CUNY campuses. From your response we hope to gather information that will allow us to better serve the needs of students. Your response helps to ensure that the survey results represent the experience of students like yourself.

By completing and submitting this survey, you will automatically be entered for a chance to win an Unlimited Weekly MetroCard at your college. Winners will be contacted via their preferred email address at the end of April.

Participation is voluntary. Your identity and individual responses will be kept secret.

If you have any questions or technical difficulties while completing the survey please email us at: CUNYSurvey2@cuny.edu.

Sincerely,
Colin Chellman
Dean of Institutional and Policy Research
